

SANITATION DEPARTMENT

Loose Leaf Collection Schedule

The North Little Rock residential customer loose leaf vacuum schedule will tentatively begin November 1, 2010 and run through mid January 2011. Crews will start in the Mid Town and Lakewood areas, concurrently, and progress throughout the entire city on a schedule which we hope will allow us to service your street every 2-6 weeks depending on the demand. Bagged leaves will be collected each week on your regular yard waste day.

Important Reminders:

- * Rake or blow your leaves to the curb.
- * Bag your leaves if you want them collected each week on your regular yard waste day.
- * Call our Public Works Hotline for weekly updates and schedules. 371-8355 /Option 3
- * Do Not rake or blow leaves into the street or cover up storm drains.
- * Do Not pile leaves around gas or water meters, mailboxes or other objects such as newly planted sod or plantings that are sensitive to damage.
- * Do Not pile leaves behind parked cars.
- * Do Not mix rocks, masonry products, metal objects, limbs or any other large objects in with your loose leaves. These materials will damage the vacuum machines and cause delays in service.

This is a FREE service included in your North Little Rock Sanitation Department services.

Protecting Our Storm Drains It Is The Law!

It is illegal to intentionally dump debris such as leaves, yard waste, contaminated liquids or hazardous materials into street gutters and storm drains. It is considered dangerous to the environment and illegal as per Ordinance #7952 (Chapter 51-N.L.R. Stormwater Pollution Management Ord.).

Water which flows into storm drains is not treated nor filtered for pollutants, and the City of North Little Rock is authorized to discharge rain water into the River system by General Stormwater Permit #AR040000 in accordance with provisions of the Arkansas Water and Air Pollution Control Act and the Federal Clean Water Act.
